

## Let's Celebrate Family Literacy Month!

What can you do at home?

- Read a book together. Perhaps go to the library or book store and choose one together. Ask questions, make predictions, talk about the characters, and make connections.
- Read the local newspaper, *The Herald News* together and discuss some of the articles.
- Read the Durfee High School newspaper, *The Hilltopper* and discuss the stories.

For ideas about books to read with your child, check out the winning titles for the past twelve years at the International Reading Association's website at the following link.
