ELA: Next Generation MCAS Tests 2018

MATH: Next Generation MCAS Tests 2018

By June 2019, Stone School will improve student achievement in literacy by increasing student proficiency on grade-specific ELA benchmark assessments from 26% to 65% as measured by beginning of year, mid-year and end of year benchmarks. Areas of focus for all students will be vocabulary skills, writing skills, and higher order thinking skills, as testing results indicate these are the highest areas of need at this time.

By June 2019, Stone School will improve student achievement in math by increasing student proficiency on grade-specific mathematics benchmark assessments from 31% to 65% as measured by beginning of year, mid-year and end of year benchmarks.

By June 2019 Stone School will decrease the number of students with more than 10% absenteeism from 55.3% to 40%, as measured by comparing student daily attendance data at end of year 2018 to end of year 2019, and increase average daily attendance from 85.3% to 88%.

By June 2019, Stone School will improve student social awareness as evidenced by a decrease the average number of conduct referrals per student in kindergarten through 8th grade from 21.2 to 15 per student, as measured by comparing incident totals per student for end of year 2018 to end of year 2019.
