From the Principal:

We continue to move along nicely at Silvia School as we finish up the month of September. At this time of the year, teachers and students have been working hard at getting systems and routines in place. This is important so that learning at its highest level can occur for all students.

One exciting piece of our programming at Silvia, is the grant money we were able to use to furnish our classrooms with independent reading libraries, cultural awareness libraries, and leveled texts for our literacy closet. Our mission relative to literacy is to FOSTER A LOVE FOR READING. We want our students to be life-long learners. A big piece of this is supporting our students with making connections to books, authors, and genres. As students learn what motivates them to read, we want to foster and encourage as much reading as possible - we want to breathe, eat and drink books :)

Please see some pictures below that illustrate our passion for reading and for fostering a love for reading.

Wishing everyone a wonderful weekend!
