From the Principal:

We ended our week with an amazing Silvia STAR assembly. It is one of our favorite times we have here at Silvia. The students are so hard working and deserve to get that extra recognition in front of the whole school. It is also a strong community builder as students K - 5 get to come together and celebrate each other. Today we recognized cohort A and C students. Next week we will recognize the rest of A students and cohort D students. Cohort B students are being recognized on a classroom by classroom basis. Also, this week, the weather allowed us to get outside for recess and outdoor classrooms. As a friendly reminder, we strive to get the students outside for recess as much as possible. Please send students prepared for cold weather and to be outside for an extended period of time. Spring is around the corner, but not here yet.

Wishing all a wonderful weekend!

Silvia Summer Academy and Enrichment SURVEY:

We are currently applying for a grant through the Massachusetts Department of Secondary and Elementary Education that would provide funding for a Summer Academy and Enrichment.

Below on pages 3 and 4 please find an overview of the Summer Academy and Enrichment to get a sense of dates, times, and programming.

In addition, please fill out the survey HERE. This will give us the data we need to start to plan numbers and staffing for the program. The survey is NOT a commitment. It takes two minutes to complete.

Silvia STAR Students:

This Friday, March 5, 2021, we held a STAR student assembly for cohort A and C students. We want to congratulate those students who were recognized as exemplifying a weekly character trait. Please see the list of those students in the table below (page 4).

Hybrid Learning Dates to be Aware of:

Week of March 8, 2021:
- Cohort D students return to in-person learning for Monday, Tuesday, Thursday and Friday
- Cohort C/D students remain in-person learning for Monday, Tuesday, Thursday and Friday
- Cohort C students are remote learning model for Monday, Tuesday, Thursday and Friday
- Cohort A students remain in-person learning for Monday, Tuesday, Thursday and Friday
- Cohort B remains full remote learning
- All cohorts are remote learning on Wednesday
MCAS News UPDATE:

We have been notified by the Massachusetts Department of Secondary and Elementary Education that MCAS testing will occur this year. There will be adjustments made from how testing has taken place in previous years. At this time, we just want you to be aware of the testing windows and we will follow up with more information as we formulate a clear action plan for MCAS.

Grade 3, 4 and 5 - May 10th - June 11th

Grades 3, 4 and 5 will be expected to take one session of both ELA and Math.

Grade 5 will also be expected to take one session of Science, Technology and Engineering.

Requests for Hybrid In-Person Learning On Hold

At this time we will NOT be taking any more requests for a transition from remote learning to hybrid learning. We had an opportunity for this earlier in the winter and set an original deadline for requests. The deadline has come and gone and we are at capacity with safety guidelines in place. We will revisit opening this up to families once again in the early spring.

Upcoming Dates/Events:

- Please find our school calendar HERE.
